Style #422
Men's Lined Hood
S - XXL

Sweat often and look cool. This timeless hoodie has a whole new slant. Sure, there's the 100% cotton hoodie, the 80% cotton, 20% poly and then the antique, 50% cotton, 50% polyester. We dare you to argue that our bamboo fleece is even remotely in the same ball park. It's in a game all of its own. We warn you though, it's like an addiction. Once you start wearing bamboo fleece... there is no turning back.
