HELIUM BAMBOO JERSEY

Introducing our new Lightweight Helium Bamboo Jersey. With all the natural properties of bamboo including having a natural Luster and beautiful drape.

It can be worn as a first layer piece in cooler conditions. So soft next to your skin with anti-microbial and wicking properties to keep you warm. Or, wear on its own in hot, humid conditions to keep you cool. Not only is it functional, absorbent, anti-static but it's also UV Protective fabric. These properties never wash away.

70% Rayon Bamboo, 25% Cotton, 5% Spandex

Logoing Techniques Recommended:

Embroidery, Silk Screening, Heat Press, **3M** Hi-Visibility Reflective
