VOL.16

OMEGA FIT

“NOT JUST A GOOD FIT...
OMEGA-FIT”

Omega by definition means “the Ultimate”. Omega Fit is one of the highest quality fabrics used in the marketplace for active wear today. The nylon used in Omega-Fit is made to feel silky and smooth...a second skin so you can breath and bend. With a high percentage of Spandex that is engineered into the fabric, your garments will keep their shape forever. You can stretch without stretching your clothes. Omega-Fit features breathability, making it faster drying than cotton. It’s flexible, resilient and supple so your clothes won’t fade, wrinkle, snag or pill. The ideal choice for Active Sportswear including dance, yoga, running, cycling, gymnastics or everyday casual wear.

BAMBOO JERSEY

Rayon Bamboo is softer than the softest cotton and has a natural sheen to the surface. Protective Bamboo fiber contains a natural agent that prevents the growth of bacteria, thus keeping you odour-free. Bamboo apparel is comfortable, more breathable than cotton, fast drying, moisture-wicking and thermal regulating. It will keep you cooler in the summer and you can layer it to be warmer in the winter. It is the perfect fabric choice for those sensitive to allergens. Bamboo is inherently organic. It is grown without pesticides or chemicals, requires little water and is 100 % bio-degradable. It absorbs a very high percentage of carbon dioxide. It has been found to show no reduction in its antibacterial nature, even after 50 washes. Preshrunk so there are no surprises when washed.
